NOSTALGIC SIGHTSEEING TRAM

Inspired by the unforgettable tram of Taksim Square, the Nostalgic Tram offers one of the most delightful journeys imaginable for travel enthusiasts and history lovers.

The Nostalgic Tram can be used for sightseeing and transportation across a wide range of locations: from narrow streets to historical and touristic sites, from coastal routes to holiday villages, from hotels to theme parks.

Optionally; GPS-connected announcement system in 16 languages, customized sticker and advertising spaces, camera, wheelchair ramp, central lock, multimedia entertainment systems, special lighting, turn signals and ventilation are offered.
