04

Perfection in the Details

Advanced Braking System

Braking system with optional ABS and emergency brake for maximum passenger safety in all conditions.

Sensors & Camera

Proximity sensors and a rear-view camera give the driver full control.

Independent Suspension

Independent suspension on every wheel — a smooth, quiet ride even on rough ground.

Quiet Engine

An insulated engine compartment keeps noise levels low and passenger comfort high.

APPLICATIONS

05

A Solution for Every Space

Hotels & Resorts

A nostalgic, prestigious experience for in-resort transport.

Parks & Beaches

Fun transport for municipal parks, recreation areas and seafronts.

Campuses

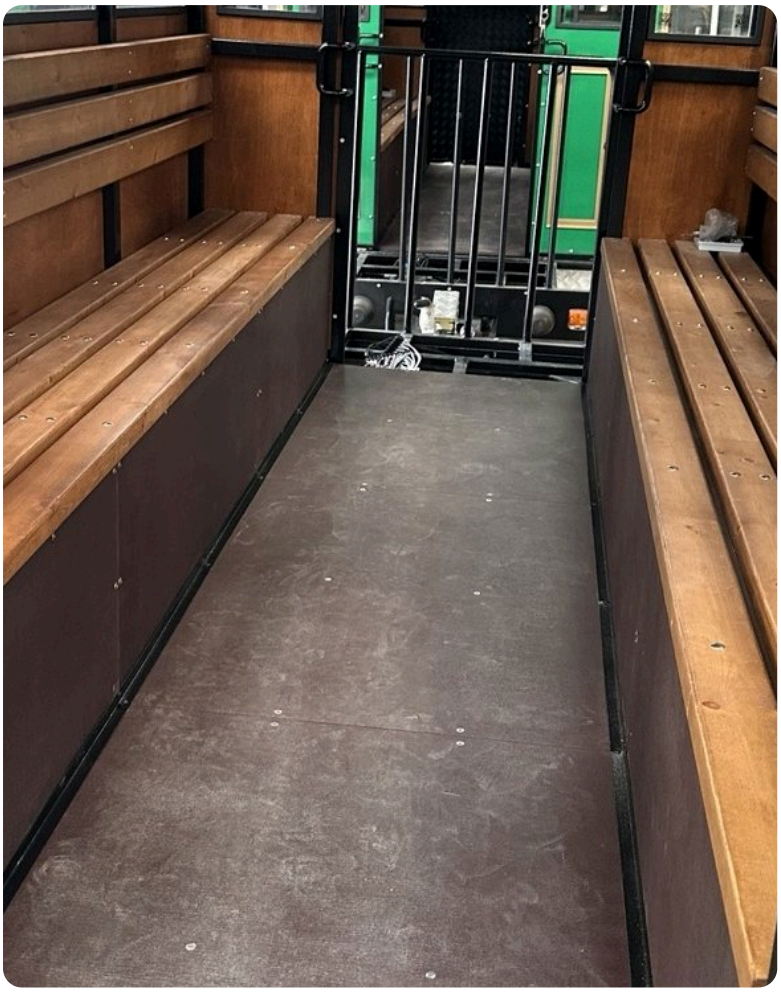

Practical, eco-friendly shuttle service for university and corporate campuses.

Fairs & Exhibition Areas

Visitor transport and promotional tours across large venues.

06

Robust Chassis, Comfortable Interior

Strong Infrastructure
